57 screens captured on a phone-sized display from the latest code, using test data that has since been deleted. One whole webpage per page, never split. Pages are A4 landscape; a webpage too tall for that gets a taller sheet of the same width so it stays in one piece.

Landing page

Headline and a Book a drone button, then two tables: the DJI Neo next to the Neo 2 (prices, deposits and DJI's official specs), and phone only, RC-N3 or Goggles N3 + Motion 3 (extra per hour, extra deposit, whether you need your phone, control range). Then three steps and the three kit rules, with the key words in bold and underline.

Rent a drone. Fly today.

A DJI Neo or Neo 2 with batteries, ready at your nearest shop. Fly it from your phone, or add a controller or goggles. Pick a time, collect it, fly, and bring it back.
